INDUSTRY OVERVIEW

More recently, the government has initiated a phased lifting of restrictions for different economic sectors after the corona virus pandemic. If this easing proceeds smoothly, activity should pick up in coming months. In light of preliminary evidence from China and other countries that eased lockdowns earlier than others, activity in service sectors started, which form a large part of the domestic economy.

Despite challenging global conditions, the outlook for external sector broadly remains stable. The current account deficit should remain bounded and the recent fall in portfolio inflows will be offset by official flows committed by the international community, such that Pakistan's external position remains fully funded.

Our strategy for future is designed to deliver sustainable, profitable growth in a changing and competitive business environment in order to maintain a growing position in the industry. We continue to invest in our people and making Sindh Insurance Limited a great place to build their career. The Company achieved to spread its network in the Sindh by appointing coordinators in each district of Sindh. Our business module is to focus to increase captive business of government to make the company's footing stronger. Your Company, due to a strong balance sheet, liquidity and above all a competent and proactive management will be able to explore and write any business that meets its criteria for safe and sustainable growth without compromising our high standards in future.

ACKNOWLEDGEMENT

The Board would like to thank its shareholder for the confidence reposed in the company and expresses its sincere thanks to the strategic partners, vendors, suppliers and customers.
